## DISCERNING AN AV UPDATE FOR BETHEL

As early as 2018, congregational leadership had identified the need to update Bethel's audio/visual systems. Initial explorations were paused as focus shifted with the pandemic and as other needs took priority (including calling and welcoming two new pastors!) In 2023, the audio/visual update came back to the forefront. The church council authorized Pastor Ben to assemble and lead a task force to look at our needs in earnest. The comprehensive vision is to not just better meet our current needs, but to increase our ministry capabilities for the future by updating the entire building (saving cost and standardizing equipment).

Proposed improvements include:

- Updating the audio system, and installing projectors and screens in the **Sanctuary**. New speakers will greatly improve the audio quality experienced in worship. The projectors and screens will give us the capability for slideshows, images, and videos that will enhance announcements, celebration Sundays, and funerals.
- Updating the ceiling speakers in the **CLC** and **Narthex** area to match the audio quality/output of those replaced in the Sanctuary.
- Updating and fully integrating the AV systems in the **Youth Room, East** and **Center Pods**, improving and streamlining presentation and video capabilities. This will have significant positive impact on our ministries, including Bethel U, Confirmation, Sunday School, Youth, Choir, and beyond.

The task force (Pastor Ben, Kelly Groenewold, Tim Valley, Catherine Engle, and Sam Dwyer) carefully completed their work and reported to council. Now it's time to share their recommendations with you! Please plan on attending one of the info meetings so you can learn more and ask questions.

An audio/visual update is a major capital campaign project, costing \$175,000. Funding possibilities will be discussed at the info meetings, and leadership will gauge the congregation's support.

## PASTORAL REFLECTIONS

from Pastor Ben Schori

When I started at Bethel, just under a year ago, I had no ambitions to lead a Task Force that would bring forth the possibility of a congregational capital campaign. Trust me when I say it wasn't on my radar at all. But, sometimes, that's how the Spirit works, isn't it? Before I knew it, I was bringing the possibility of updating our audio/visual systems to council and being asked to lead a Task Force exploring it. And now here we are!

I am passionate about this not because I am a techie who absolutely loves speakers, projectors, and screens (oh my!), but because updated technology not only removes barriers to ministry, but supports and enhances it. I want the worship and programming we already have at Bethel to run as envisioned, rather than being strained by complicated technology or glitches. I want Bethel to have the capability to enhance our experiences further—from sharing announcements on screens during the prelude to spotlighting photos of youth trips or loved ones at special services. These principles shaped the AV Task Force's work.

I hope that many of you are able to attend the info meetings later this month, with more opportunities to follow in August. The AV Task Force and Bethel leadership recognizes that the funds needed for this possible project are significant. We would love to share with you why we believe this investment in the technology that supports and enhances our ministries would be worth it, and to listen to your thoughts, questions, and concerns.

So, I didn't plan on helping to lead an exploration of an AV update in my first year at Bethel any more than most of you planned on learning about and discerning one. But, perhaps, sometimes the best laid plans of the Spirit are ones we never thought to lay ourselves.

Peace & Blessings, Pastor Ben

## BeFRIENDERS

by Marci Groenewold

"Grandma, do your legs work for crawling?" queried our 3-year-old grandson. My initial thought was of course, my legs work for crawling—what a silly question! Then I stopped to consider why he asked it. I recalled his maternal grandma suffers from hip and knee pain—perhaps her legs no longer work for crawling. As a result, my reaction was no longer one of insult, but one of warm-hearted understanding. This simple example illustrates how various life experiences shape our world perception. Our understanding of others' experiences depends upon the quality of our listening.

Researcher Otto Scharmer identified four levels of listening to another. If we listen only to respond, we aren't really listening at all. The only goal is to be ready with a response. Listening to understand can also be superficial as we gather facts and put them into context. A deeper level of listening is known as emotional listening. It's the listening to the unseen. It is listening to what is being said between the words. It's asking the right questions and allowing time for the answer, thus letting the other person know you truly care and want to understand. This can lead to generative listening—when we are fully prepared to embrace an alternative viewpoint. Generative listening is about turning words into action. A transformational idea or solution, co-created by both of you, can lead to new possibilities for the future.

Intentional, patient listening is vital especially as we navigate conversations with those with different life experiences. Undivided attention to the other person is essential. Carefully crafted questions along with thoughtful consideration of the answers are critical as we explore transformational possibilities together.

#### August 21 – Romans & Christians

### Bethel is headed to the BIG EASY!

Every three years, thousands of high school youth and their adult leaders from across the ELCA gather for a week of faith formation known as the ELCA Youth Gathering. Through days spent in interactive learning, worship, Bible study, service and fellowship, young people grow in faith and are challenged and inspired to live their faith in their daily lives.

This year, a group of Bethel youth will join 20,000 other young people from across the country in New Orleans, Louisiana from July 16<sup>th</sup> – 21<sup>st</sup>! Please pray for us and our travels while we learn that we are “Created To Be” (this year’s theme).

We look forward to sharing stories of our travels when we return!

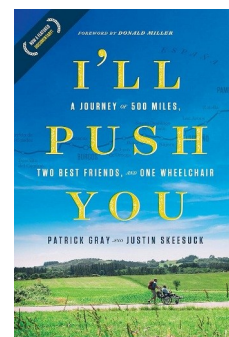

The Christikon trip for our rising 10th graders will be featured in the August newsletter.

### IN THE LIBRARY...

#### I'll Push You

Two best friends, 500 miles, one wheelchair, and the challenge of a lifetime. Friendship takes on new meaning in this true story of Justin and Patrick, born less than two days apart in the same hospital. Best friends their whole lives, they grew up together, went to school together, and were best men at each other's weddings. When Justin was diagnosed with a neuromuscular disease that robbed him of the use of his arms and legs, Patrick was there, helping to feed and care for him in ways he'd never imagined. Determined to live life to the fullest, the friends refused to give into despair or let physical limitations control what was possible for Justin. So when Justin heard about the Camino de Santiago, a 500-mile trek through Spain, he wondered aloud to Patrick whether the two of them could ever do it. Patrick's immediate response was: "I'll push you." *I'll Push You* is the real-life story of this incredible journey.

A travel adventure full of love, humor, and spiritual truth, it exemplifies what every friendship is meant to be and shows what it means to never find yourself alone. You'll discover how love and faith can push past all limits--and make us the best versions of ourselves.

## IN THE WORKS

### Welcome Area

Our welcome area is coming together! It's a work in progress, but the space is already being engaged in new ways.

*Meanwhile, the formal desk is a great addition to our library! Volunteers Judy Sidorf, Rose Turnaciff, Marilyn Kelley, and Darla Dahl have organized it beautifully.*

*Asher Engle and Nathan Broughton hang out between services in our new window nook.*

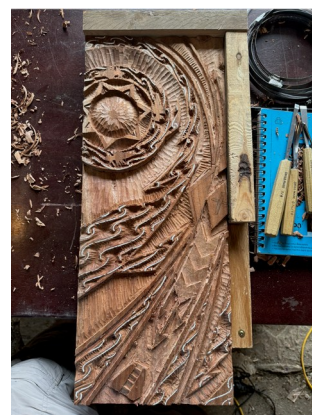

### Sanctuary Art to draw us beyond our Land Acknowledgment Statement

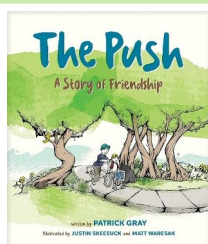

Indigenous artist John Sterner has been sharing his progress on the wood relief piece commissioned for Bethel's sanctuary. It's exciting to see it take shape! Note the themes of water and interconnectedness. Help us see this project through by donating online at <https://bethelnorthfield.breezechms.com/give/online> and selecting the "Indigenous Artwork" fund, or by check with "Indigenous Art" designated in the memo line.

## GIFTS FROM THE GARAGE SALE

Beyond the bonding and fellowship amongst volunteers and the great deals Bethel's annual garage sale provides for the community, each year the proceeds help fund an array of ministry efforts. This year was incredible! We raised \$22,866 (after expenses) to allocate. Thank you for donating, organizing or working the sale, and for shopping! A steering committee of Darlene Broughton, Judy Code, Kay Lee Henderson, Juley Jenkinson, Cindy Kreis, Lu Lindstrom, Bonnie Pavak and Kirsten Scott met to review requests and finalize this year's distribution.

## FINANCIAL NOTES

from Barb Fowler, Treasurer

	May	YTD (as of May 31)
Revenue	\$72,698	\$389,438
Expenses	80,617	409,314
Total	\$ -7,920	\$ -19,876

May monthly expenses exceeded revenues which increased the YTD deficit to nearly \$20,000. Please do all you can to reverse this deficit trend.

You may have noticed that in June Bethel's parking lots were seal-coated and striped as part of our maintenance plan. This expense of \$16,000 is paid from the Capital Reserve Fund. Each month we "pay ourselves" \$1,750 from the operating budget to build up the Capital Reserve Fund so that there are funds to cover non-annual expenses.

Thank you to the Garage Sale team for including the operating budget in their distribution of funds. This will help cover facilities expenses which are budgeted in operations.

## Coming in August!

We're excited to celebrate another "season of Creation" next month. As in past years, you are encouraged to walk, bike or carpool as an act of worship on the way to worship (of course, no need limit yourself to August if the Spirit so moves you!) This year, your reward is in the connection to and satisfaction of caring for God's world. Each Sunday, our Creation Care team will offer specific actions we can take, and worship will lift up different themes. We are focused on our local Minnesota environs this year:

**August 4 — Lakes**

**August 11 — Prairie & Fields**

**August 18 — Birds**

**August 25 — Humans / Northfield ELCA God's Work Our Hands Sunday**

**God's work.**  
**Our hands.**

**\*one 9:30 am worship** before joint service opportunities  
with St. John's and St. Peter's

Director of Music & Worship Megan Engel is excited to introduce us to "Peace of the Prairie," a newly commissioned liturgy crafted by Minnesota composer, Carol Meier, and St. Olaf alum and ELCA pastor, Meta Herrick Carlson.
